Products designed for men, and women?

In 1977 the FDA recommended excluding women of childbearing age from drug trials

In 1993 this was reversed.

We still have fewer women in trials

Addiyi drug for female sexual dysfunction: 23 men and 2 women!!

Endometriosis

Bladder health

Peri menopause

Menopause

Heart health

Breastfeeding

Menstrual health

Sexual health

Bone health

Miscarriage

Alzheimer's

Polycystic Ovary Syndrome

Dementia

Cervical Cancer

Childbirth

Pregnancy

Post partum Health

Fertility treatment

Ovarian Cancer,

neurological

Breast Cancer conditions

Menopause Summit Survey-72% said that **menopause** negatively effects work performance

FDA clears wearable 3D ultrasound for breast imaging

Startup iSono Health said its FDA-cleared automated imaging system will make personalized whole breast imaging more accessible to women worldwide and could help improve breast cancer diagnosis.
